Hello,

thanks a lot for your answer.

I'm checking out which pictures in which size, etc. we need for the project.

Then I'll write you again.

CU

hi :)

im glad i can help for earthdawn community :)

i can offer also a subdomain, and some hundred megabyte webspace and mysql database, if you want make a homepage to your program
(my domain is earthdawn.co.hu, or dataglobe.hu)

have a wonderful day

Hello Sade,

we need pictures of all Earthdawn Races mal and female in 200X200 pixels.

Best would be Portraits or half portraits of the Race.

In your pictures I haven't found everything. The pictures i send you with this are from your Epilogue-Site

<<http://www.epilogue.net/cgi/database/art/list.pl?gallery=975>>. Maybe they are possible. Can we use them???

Maybe you've time (I know, it's never enough with children) and interesst to create some pictures?

Thanks

Heri
