Hello Karolina,

you allowed use to use some of your ArtWork for the Earthdawn Character Editor <<http://sourceforge.net/projects/ed-char-editor/>>.

In the ECE there is the option to print your character in some differenet Character Sheets.

So there is the problem that the images didn't work well printing in b/w. So we tried to make the backgrounde white and change the "light" in some pictures.

For this reasons you'll find some changed images in the attachment, asking me for permission to use the images as I in the attachment. We are working on so maybe I'll ask you again in the future.

Thanks a lot  
Heri
